The happiest people don't necessarily have the best of everything. They just make the best of everything.

A Message from the EVP

Welcome to the 2008 Water Ski season. My first six months as EVP have been quite busy and active despite the fact that we are in the "off season" for our sport here in the Northeast.

During the summer months, I participated on a committee with the other Regional EVPs to rewrite the contract that governs the selection of the host site for Nationals every year and provides guidelines for the logistics of conducting our National Championship Tournament. Significant improvements have been made that will enhance the experience of Officials and Participants at the National Tournament.

I participated with other leaders of the organization on the Executive Director Search Committee that resulted in the hiring of Steve Locke to head the USA Water Ski organization. Steve comes to us with great credentials and I believe that he will have a very positive impact on the organization.

Looking forward to the 2008 ski season, more and more of us will have an opportunity to ski with the new GPS based Speed Control Systems. The two primary GPS based systems – Zero Off and Perfect Pass Star Gazer – will become part of our regular vocabulary and we will become accustomed to skiing with one or both of them. These GPS based systems are extremely accurate and consistent. Skier re-rides because of bad boat times will soon be a distant memory as our tournament boats become equipped with the new technology.

Membership is a key point of emphasis throughout the USA Water Ski organization. Despite the popularity of our sport and the passion that we all feel for it, the membership numbers in USA Water Ski have been declining. Each and every one of us can help to reverse this trend. Get your family members and friends involved in the sport and encourage them to join the USA Water Ski organization. All of us know people who ski recreationally on public lakes and rivers or at private ski sites. We need to encourage others to join the USA Water Ski organization. It would be great to get more people involved in the competitive aspect of our sport, but we welcome all recreational skiers who want to continue to ski for fun behind their own boats with family and friends. I expect that we will see and hear much more about Membership Initiatives throughout 2008 and beyond. I encourage you to help grow Membership in whatever way you can.

Our tournament schedule is very full again this year in the Eastern Region. I encourage you to ski all of the tournaments that you normally ski every year and to reach out to one or more new tournaments at sites where you do not usually enter or have not previously entered. There are great tournament ski sites throughout the Eastern Region. I know that you will be pleased with the experience that you have when you try new tournament sites.

I hope that you enjoy the Water Ski season in 2008 and that you are able to ski early and ski often. I hope to see you at the 2008 AWSA Eastern Regional Tournament at Dave's Pond in Western Pennsylvania. Contact me at any time if you need help, have questions or issues that need to be addressed, or have suggestions that should be considered by the Regional Council.

Above all, remember that this is what we do for fun. Be sure that you have fun every time you ski and share that fun with others.

Best Regards,

Pat Byrne

****** ATTENTION EASTERN REGIONAL SKIERS ******

The 2008 MasterCraft Eastern Region Championships will be run Class E. For events run Class L & R at the 2008 Nationals, skiers will have the option to ski Class L & R at the 2008 Eastern Regionals. Please notify the registrar of the class you intend to ski.

Class E events shall be run under AWSA rules. Class L & R events shall be run under IWSF rules. See AWSA rule book on http://www.usawaterski.org and IWSF rule book on http://www.iwsf.com for differences in rules.

2008 EASTERN REGIONAL QUALIFICATIONS

At the 2007 Eastern Region Meeting, Council approved a motion to allow qualification for the 2008 Eastern Regionals based on either rating, or National Ranking List (NRL) standing. In 2008 the NRL will be used exclusively as the qualification method for the Nationals.

Qualification for Regionals by Performance Rating

The following excerpt can be found on http://www.awsaeast.org in the Eastern Region Policies & Procedures Manual in section 3.1.5. This describes how a skier can attain ratings to qualify for the Eastern Regional's.

- *Girls 1-2, Boys 1-2, Women 3-9 & Men 4-9 shall require first class rating or better. All other divisions shall require Expert rating.*
- *Persons qualified in two events may ski their third event with one rating lower than otherwise would have been required. However, in no case will a competitor be allowed to ski with less than a first class rating.*

For more information, check the website: http://www.awsaeast.org

Qualification for Regionals by National Rankings List standing

On the Wednesday, three (3) weeks prior to the Eastern Regional's, skiers in Girls 1-2, Boys 1-2, Women 3-9, & Men 4-9 who rank level 5 or above in any event and overall, qualify to ski the Eastern Regional's.

On the Wednesday, three (3) weeks prior to the Eastern Regional's skiers in all other divisions ranking level 6 or above in any event or overall, qualify to ski the Eastern Regional's.

The lowest skier performances at the cut off date (the Wednesday three weeks prior to the Regional's) will determine the cut off average. After which any skier performance exceeding the cut of average in a class C or above sanctioned event will qualify for the Regionals. Skiers doing so must submit a copy of the performance record at Regional's registration.

Additionally, any skier who raises their average above the cut off average between the cut off date, and the Regional's will also qualify.

The NRL can be found on http://www.usawaterski.org under 'US National Rankings', then view National AWSA Rankings.

So any skier that meets either or both of the qualification criteria described above, qualifies to ski the 2008 Eastern Regional's.

SELECTION RULES FOR EASTERN REGION JUNIOR TEAM MEMBER

A. General definitions and qualifications for all team members:
   1. All team members must be Eastern Region skiers as defined in tournament rules.
   2. Junior skiers are skiers in the Boys 1, 2, 3 and Girls 1, 2, 3 divisions.
   3. Teams will be selected based on performances of the current ski year and named for the ensuing year (the team year) following the completion of the National Tournament.
   4. A skier's division is the division in which he/she will be eligible to ski at the next Regionals/Nationals.
   5. To maintain his/her position, a skier must be a competitive member of USA Water Ski for the team year.

B. Junior Development Team: made up of all junior skiers who ski in the Regionals and/or Nationals.

C. Exceptions to team selections: Any skier who has qualified for the Regionals/Nationals and is unable to participate due to injury or personal reasons may submit in writing his/her request for exception along with their performance rating card to the Junior Development Committee no later than two weeks after the completion of the Nationals. The committee chairperson will notify the skier in writing of the decision of the committee.

SELECTION RULES FOR THE EASTERN REGION ALL STAR TEAM

1. The team composition is made up of 6 members.
2. The 6 members must be current skiers in the Boys2, Boys3, Girls2, or Girls3 divisions.
3. The skier must be committed to attending and skiing in the National Competition
4. Skiers will be chosen based on their regional seeding *as 60% and their Regional performances as 40%.
5. The committee will choose the strongest three eventers first, then the two eventers and finally single eventers.
6. If the skier skis in a tournament that is out of the Eastern Region, it is his/her RESPONSIBLITY to send in a copy of their performance record to Jennifer Frederick** if the skier wants that score to be added to their seeding for Regionals. This record MUST be given to Jennifer at least ONE WEEK prior to Regionals in order to be counted.

TOURNAMENT SEEDING

* Seeding: How is it calculated? The seeding program takes the best THREE scores and uses a 4% penalty for each missing score less than three.

Tournament Seeding Committee Chair:

Jennifer Frederick-Kelly
109 June Rd
Elma, NY 14059

NOTE: In the event of unforeseen circumstances in selecting any of the teams which, in the unanimous opinion of the Junior Development Committee render these procedures clearly ineffective, the Committee may amend these procedures as necessary to accomplish the goals of the Junior Development Program.

2008 Eastern Region Water Ski Record Application

Regional Record Guidelines – 2003 & beyond

- These guidelines have been adopted to assure integrity of Eastern Region Water Ski Records. The full set of guidelines are posted in the Policies & Procedures Manual and are viewable on the Eastern Region Website www.AWSAEast.org
- We have expanded Eastern Region records to 3 types –
  - Class C & Above which records can be set in Class C Eastern Region tournaments, the new Class E, L & R Tournament Records, and Regionals Tournament Records. (Full explanation on the website.)
  - E,L,R records are shown with double asterisks & italics are provisional records compiled from the highest known ELR scores. (We used previous ER records, Regionals Tournament scores, and other new scores from 2002 where new records were set.)
    - If you can document a higher Record tournament score than is posted here in provisional ELR records, please forward the application below and a copy of the supporting documentation (e.g. scorebook, signed rating sheet, other National or International record) by December 31 to Dan Baumgart, Head of Technical committee. (Dan Baumgart 106 Yorktown Rd. McMurray, PA. 15317) Similar to National records, the technical committee will maintain the records database, working closely with the seeding committee.
  - Regional Tournament Records are all provisional & were compiled from Eastern Regionals scorebooks back thru 1980. Higher scores from the 60's or 70's, or error/omission, can be sent to Dan Baumgart. You have till December 31, 2004 for corrections & additions.

Going forward, council has affirmed that it is the SKIER'S responsibility to submit records. If the skier or a representative does not submit the record application by December 31 of the end of the ski year when the record was set, it will not be counted.

DAVID ALLEN COUNCIL-MASSACHUSETTS
I have been the president of the MA Water Ski Assoc and it's council rep since 1995. I have been water skiing competitively (some who say never competitive) since 1984. I'm not the best skier at our state tourn but I believe I'm the most enthusiastic. I love to teach kids and involve new skiers in our sport and at our state tournament. I alsolove to teach new skiers about trick skiing since that is my favorite event. Our state recently had a great loss with the death of Lex Carroll in September 2001. Lex was and probably always will be the heart and soul of Massachusetts's water skiing. The site that was developed by Lex and others has been a great resource to many MA skiers over the years. Lex and his wife Jane were instrumental in developing my daughter's love of water skiing. Happily Lex's traditions and the Oakham site are being carried on admirably by the Goodhue family.

RUSS COLE
COUNCIL-MASSACHUSETTS

Am currently employed as an ER RN to help keep me prepared to treat my own injuries ! Grateful to all the super people my family & I have met through waterskiing over the years.
